Northwest Hospital Helps Care for Honduras' Most Vulnerable

The 350 residential patients at the Santa Rosita Psychiatric Hospital in Honduras used to share beds or even sleep on frames without mattresses.

Thanks to a donation from Northwest Hospital, however, Santa Rosita now has a bed and mattress for every patient—and 10,000 pounds of material have been kept out of U.S. landfills. By collaborating with Global Links, Northwest Hospital is reducing its environmental impact— and improving lives.
